<p>Description: The shifter cable bushing on the transmission end of the shifter cable which can deteriorate and become detached from the transmission. This condition can result in the inability of the driver to actually shift the transmission, even though the driver may move the shifter handle.</p> <p>If shifter cable becomes dethatched from the transmission the vehicle may not perform the shifts intended by the driver. Unintended vehicle movement and vehicle crash can occur.</p> <p>Remedy: Replace the transmission shift cable bushing on the transmission end of the shifter cable.</p>

Glossary

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform owners of car defects that have come to the manufacturer's attention. Recalls also suggest improvements that can be made to improve the safety of a particular vehicle. Most manufacturer recalls can be repaired at no cost to you.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.
